acc. to 91/155/EWG

Date: 27.06.11

## 1. Specification of the substance / Name of the manufacturer / supplier

Trade name: **Saddle stoneware**  
Manufacturer / supplier: RVT Process Equipment GmbH  
Paul-Rauschert-Straße 6  
96349 Steinwiesen  
Tel.: 49 9262 / 77-0 Fax: +49 9262 / 77 771  
Sale Tel.: 49 9262 / 77727

## 2. Composition / Information about components

Chemical property (preparation): Chemical-technical stoneware  
see also datasheet resp. technical information

## 3. Potential dangers

Sharp edges on ceramic packings may cause injuries. At handling the packings use hand savers.

## 4. First aid measures

If a cut has occurred, care has to be taken to avoid any further soiling of the wound (sterile covering, stop of bleeding)  
For removing larger splinters a doctor has to be consulted.

## 5. Fire-fighting measures

The product is non - combustible and non – explosive. Extinguishing substances and fire-fighting measures have to be taken with regard to burning of packaging or of surroundings.

## 6. Measures in case of unintended release

not applicable

## 7. Handling and storage

There are no particular regulations to be observed.

## 8. Limitation of exposure and personal protective equipment

Components which require control of limit values at working place:  
Personal protective equipment:

## 9. Physical and chemical characteristics

Appearance:  
form: Saddles colour: grey odour: odourless

# Safety data sheet

Date: 27.06.11

Constitutional change: melting point / beginning of softening range approx. 1300 °C
Density at (T2) 20°C 2,3 g/cm <sup>3</sup>
<b>10. Stability and reactivity</b> Not applicable with regard to safety
<b>11. Toxicology</b> The product is neither toxic nor unhealthy
<b>12. Ecology</b> No harmful effects on the environment are to be expected.
<b>13. Waste-disposal</b> There is no waste / residual substance, which needs supervision.
<b>14. Transport</b> No dangerous product with regard to transport regulations.
<b>15. Instructions</b> Marking according to EU-regulations: not subject to marking acc. to GefStoffV/EG National regulations: not subject to German „Gefahrstoffverordnung“ Water endangering class: generally not water - endangering
<b>16. Further information</b> Above information are based on our todays´ knowledge. They are meant to describe our products in respect to safety requirements. They do not represent any guarantee of the described products in the sense of the legal guarantee regulations.
